

Year 3 going in to YEAR 4 Summer Project

Hello! Hope you are all well! Miss Dagol is looking forward to having you in her class! Miss Dagol would like you to be safe during the Summer Holidays and if you are worried about anything at all you must speak to an adult. Remember to keep washing your hands!

Over the summer holidays Miss Dagol would like you to think about our world. She wants you to think about how YOU think about the world. Your task is to create a poster that portrays that very well. You can include the world festivals, sports, cultures, religions, climate change and other events.

There is some art work below that other children created to show their versions of what the world means to them. It sounds hard but in fact is really easy. There are prizes for the best ones!

Best of luck, *Miss Dagol*
