

# Year 6 Summer Project

# Discovery Island

**Hello everyone,  
We hope you have all kept well and safe during lockdown  
and have been able to get out in the fresh air.**

Over the summer, we would like you to:

- **Pretend you have discovered an island.** Where in the world would you want your island to be? Plot it on a world map. Which sea does your island lay in?(Geography)
- **Draw your island and draw all the important landmarks on your map. (Geography)**
- Close your eyes and imagine what it would be like to land on the island. What sounds could you hear? What smells are blowing on the air? **Write a diary entry about your first impressions.(English)**
- Your new island will need a new flag and language. **Design a flag and language for any inhabitants on the island.(Geography)**
- Every country needs a set of rules so everyone can live peacefully. **Write out the most important 10 rules on a poster (Citizenship)**
- You discover a brand new animal, never before seen. **Write and draw lots of information about this new species.** Can you give it a Latin name?(Science)
- **Add any other information you would like about your new island.**

**Create a booklet to show all of your new learning or a powerpoint presentation to share in September. Best ones will receive a prize!**

**We are so looking forward to seeing you at the start of the autumn term to begin year 6! Can't wait!**

**Mrs Cox/Miss Edmonds (Year 6 teachers)**
